

The CARE Project Sponsor Invitation

The Art of Hearing
7th Annual Gala

Sept. 23, 2017

The Proximity Hotel
Greensboro, North Carolina

Three of every 1,000 babies born each year in the United States suffer from hearing loss, one of the most common birth defects today.

Reflections of a Mom After Attending a CARE Project Family Retreat:

We were thrilled to be selected to participate and the experience far exceeded our expectations! We genuinely hope we can nurture the relationships that we created with the many professionals and volunteers, as well as the families that are on the same journey we are facing ourselves.

Our older child often feels overshadowed by all the attention that our child with hearing loss requires, but she thoroughly enjoyed taking part in this weekend and is already looking forward to being part of the teen retreats! It means so much that you include the siblings in activities to help them understand their role in providing support to their brothers and sisters.

It is a unique and honest forum for parents to share their stories and for new parents to instantly see that they are not alone and their feelings are completely understood.

If the opportunity presents itself in the future, we would love to be a part of this wonderful project! We look forward to being a part of the Care Project family for years to come and hope that we will have the opportunity to volunteer at future retreats!

The CARE Project, a 501c3 charity, provides emotional support through retreats for families with children who are deaf or hard of hearing.

The CARE Project...

EMPOWERS parents with children who are deaf or hard of hearing to accept challenges and advocate for their child

ENLIGHTENS teachers, speech pathologists, audiologists and other professionals on the emotional journeys of these families

ENHANCES college student exposure to coursework and experiences with emotional counseling awareness and strategies

The CARE Project Goals...

HELP FAMILIES: provide family retreat opportunities for counseling and support

HELP SCHOOLS: provide in-service training for school staff on tools and strategies for emotional counseling with families

HELP COMMUNITIES: film stories of local families and professionals on grief journeys to use as teaching tools for families and caregivers
