Family Retreats are organized, funded and hosted by The CARE Project across the state of North Carolina. These retreats are 2 - 3 day experiences full of informational seminars, family-to-family bonding time, social activities and breakout groups for moms, dads, siblings and children who are deaf or hard of hearing. Our programming encourages advocacy, resilience and community-building. The CARE Project offers retreat experiences in other states through agency partnerships.

- The CARE Project raises money to send families who have children that are deaf or hard of hearing on weekend retreats.
- Retreats are expense free to families. This opens the opportunity of attending a retreat to all families.
- Families connect with hearing loss professionals and other parents/children in an informal setting.
- Visit our website at www.thecareproject.com to make a donation and see our Care Project Family Retreat Films that document how well your money is spent.
